

Stimulus Package

QUICK REFERENCE GUIDE

The American Economic Recovery and Reinvestment Act allocates \$6 billion in funds for water infrastructure projects. Ensuring your project qualifies for funds means using domestically produced pipe, valves, fittings, fire hydrants and other products. The McWane family of companies has been, and continues to be, the recognized leader in quality, American-made, stimulus-compliant castings.

STIMULUS PACKAGE HIGHLIGHTS

The bill is officially called the American Economic Recovery and Reinvestment Act.

It was signed by President Obama on February 17, 2009.

It contains \$6 billion in grants and loans for drinking water and clean water infrastructure (\$2 billion and \$4 billion, respectively).

Priority for project funding will be given to projects on a state priority list that are ready to proceed to construction within 12 months of enactment of the bill (Feb. 17, 2010).

Funds will be divided among the 50 states according to the existing State Revolving Fund (SRF) allocation formula.

The bill mandates that products used must be American-made.

The McWane Guarantee

The McWane Stimulus Package Compliance Guarantee means we guarantee all the products listed in this guide are 100% compliant.

Manchester Tank manufactures a wide variety of air, fuel and compressor tanks. Visit www.mantank.com for a complete listing.

The McWane family of companies manufactures a full line of American-made cast and ductile iron waterworks products. If there's a specific product you're looking for, chances are one or more of the McWane companies make it.

FREQUENTLY ASKED QUESTIONS

HOW MUCH MONEY IS ALLOCATED FOR WATER INFRASTRUCTURE PROJECTS?

The American Economic Recovery and Reinvestment Act contains \$6 billion in grants and loans for drinking water and clean water infrastructure (\$2 billion and \$4 billion, respectively).

HOW WILL THE \$6 BILLION BE ALLOCATED?

The money will be divided among the 50 states according to the existing State Revolving fund (SRF) allocation formula.

HOW LONG WILL THE FUNDS BE AVAILABLE?

The Environmental Protection Agency shall reallocate funds where projects are not under contract or construction within 12 months of enactment.

WHO GETS PRIORITY FOR FUNDS?

Priority for project funding will be given to projects on a state priority list that are ready to proceed to construction within 12 months of enactment of HR1 (Feb. 17, 2010).

HOW DO I APPLY FOR FUNDING?

The Environmental Protection Agency urges interested utilities to immediately contact their own state SRF officials for information about applying for funds. Download a state-by-state roster of SRF officials from the Stimulus Package section of mcwanebuyamerican.com.

THE AMERICAN ECONOMIC RECOVERY AND REINVESTMENT ACT MANDATES THAT PRODUCTS USED MUST BE AMERICAN-MADE. WHAT DOES THAT MEAN, EXACTLY?

Generally speaking, the American Economic Recovery and Reinvestment Act Buy America requirement provides that:

- 1) No foreign iron, steel and manufactured goods are permitted;
- 2) For use in a project for the construction, alteration, maintenance, or repair of any public building or public work;
- 3) If the funding for the project is made available by the ARRA.
